Happening – A Christian Experience

Dear Happener,

Serving on a Happening team is offering yourself for another's Happening experience. It's about making a commitment of your gifts, time and focus. As you consider serving, you should first pray for guidance as to whether you are called to this service at this particular time.

It is expected that each team member be actively living and walking in their faith in order to lead and set an example for the participants. You should be regular in attendance at worship, serving your church (acolyte, lay reader, chalice bearer etc), active in your youth group or in some way participating in pursuing the strengthening and building of your personal faith journey.

As you prayerfully consider making a commitment to serve on the team for Happening #66 please understand it is mandatory that you attend **all (from start to finish)** pre-weekend meetings and contribute to any necessary prep work.

Complete the attached application, using additional paper if needed for your answers. **Remember your written responses are reviewed by the Steering Committee and used when discerning placement of team members in various roles and leadership positions.** Give the form to your Youth Leader or Clergy for their signature and have them mail it to:
